

Risk Management Policy

OMHSA believes that everyone involved in soccer has the right to participate in safe and inclusive environments free of abuse, harassment, discrimination, and to enjoy the sport at whatever level or capacity they participate in.

The welfare of everyone involved in soccer is the foremost consideration and in particular, the protection of children in the sport is the responsibility of everyone involved.

Risk management allows OMHSA to identify and assess possible sources of harm, and take steps to decrease or prevent it from occurring. It must include evidence of procedures, processes and documents which show an organization's commitment to maintaining the safety and wellbeing of all of the game's participants.

While it is not possible to eliminate all the risks involved in playing, coaching, or administering sport, OMHSA is committed to reducing the risks associated with soccer within our district.

BC Soccer Rule 17 – Criminal Record Checks

All BC Soccer directors and every volunteer or employee of BC Soccer or an **affiliated BC Soccer organization** aged 19 years or older must have completed a Criminal Record Check and/or Vulnerable Sector Check on file in accordance with BC Soccer's Criminal Record Check Policy.

I understand, as a Coach, Director or employee for OMHSA the policies set above and agree to abide by them.

BC SOCCER

**GOOD PRACTICE GUIDE
CRIMINAL RECORD CHECK PROCEDURES**

JANUARY 2019

INTRODUCTION

As the governing body for soccer in British Columbia, BC Soccer, in conjunction with its members and affiliated clubs, is responsible for providing safe environments for every participant of our game. One way to mitigate safety risks is to ensure that, per BC Soccer's Criminal Record Check Policy, adults aged 19 years and older submit a valid Criminal Record Check, Vulnerable Sector Check or Enhanced Police Information Check to the organization they work or volunteer with. Further, that the results of those checks are confidentially reviewed by that organization, and appropriate action is taken if needed.

The objective of this document is to provide procedural guidance and recommendations for complying with BC Soccer's Criminal Record Check Policy.

RISK MANAGEMENT OFFICER DUTIES RELATED TO CRIMINAL RECORD CHECKS

While the role of the Risk Management Officer is not limited to conducting the Criminal Record Check Process, as it relates, the key functions of the Risk Management Officer are:

- Follow BC Soccer's Criminal Record Check Policy
- Communicate to those requiring a Criminal Record Check, Vulnerable Sector Check or Enhanced Police Information Check
- Be transparent about the process
- Track and manage CRCs/VSC/EPICs as they are submitted
- Make decisions when CRCs/VSC/EPICs have positive results or flags (which may be in conjunction with a committee or board)
- Ensure confidentiality at all times
- Document everything related to a check
- Follow up as valid CRCs/VSC/EPICs expire
- Provide a Criminal Record Check report annually and report any new convictions to their direct governing body as needed.
- Ensure all files and records are securely stored

PROCESS OVERVIEW

The general process for conducting Criminal Record Checks is:

1. The Risk Management Officer sends a request to those individuals clearly stating that they are required to submit a CRC, VSC or EPIC
2. The individual submits their CRC/VSC/EPIC
3. The CRC/VSC/EPIC is reviewed for positive results and or flags
 - a. If there is a positive result or flag, more information and/or fingerprints results are requested and submitted to the Risk Management Officer
4. A decision is made as to whether the individual can continue in their role
5. The Risk Management Officer informs the individual of the decision
6. The Risk Management Officer tracks, manages and keeps a record of completed CRCs/VSC/EPICs
7. The Risk Management Officer reports to the organization's direct governing body

Important Procedural Notes

- Always keep everything confidential
- Never state names
- Document everything
- All communication should be in writing

REFUSAL TO COMPLY

If an individual refuses to consent to or submit a CRC/VSC/EPIC, the individual cannot continue to participate and will be dismissed from their position in the club.

WHEN CRIMINAL RECORD CHECKS HAVE POSITIVE RESULTS OR “FLAGS”

Risk Management Officers are to act within 24 hours should a Criminal Record Check, Vulnerable Sector Check or Enhanced Police Information Check have an offence (i.e. positive result) listed, “flags” or “may or may not exist” items.

As a part of the processes below, the Risk Management Officer must be empowered to decide whether the organization is at risk if the individual continues in their role/capacity. As part of that, the Risk Management Officer may discuss the situation in general (i.e. specifics without names) with a committee or the Board to gain consensus. In doing so they need to document everything, advise the individual of the decision and keep everything confidential.

Some criteria to evaluate offences listed on a Criminal Record Check, Vulnerable Sector Check or Enhanced Police Information Check includes:

- the number and nature of the offence(s)
- date of the offence
- sentence
- age of the offender at the time of the offense(s)
- rehabilitative achievements of the offender which indicate that the behavior is unlikely to reoccur
- any other factor that the Member Association deem appropriate

If a Check has an OFFENCE(S) listed:

1. Inform the individual that:
 - a. Their Check has been received with positive results listed
 - b. Their Check/offense(s) will be reviewed to determine if the individual is able to continue participation within their current role/capacity
 - i. If appropriate depending on the identified offence, their position/role has been suspended pending a complete review of the Check
2. Ask the individual to provide more detail regarding the offence in writing

3. Review the offence and additional information provided
4. Follow up with the individual accordingly. If the individual is dismissed (i.e. no longer able to participate), the individual must be given information about the appeal process
5. Store the results with communication in a safe place with secure access

If a Check has “FLAGS” or “MAY OR MAY NOT EXIST” items:

1. Inform the individual that:
 - a. Their Check has been received with a “flag” or “may or may not exist” item(s)
 - b. Their Check/offense(s) will be reviewed to determine if the individual is able to continue participation within their current role/capacity
 - i. If appropriate depending on the identified offence, their position/role has been suspended pending a complete review of the Criminal Record Check
2. Ask the individual to provide more detail of what the flag could mean in writing
3. Advise that in accordance with RCMP Canadian Police Information Centre (CPIC) regulations, in order for the organization to have a clear understanding of the details found on the Check, the organization requests that they complete a fingerprint process with the individual’s Police Detachment.
4. Review the results for decision as needed
5. Follow up with the individual accordingly. If the individual is dismissed (i.e. no longer able to participate), the individual must be given information about the appeal process.
6. Store the results with all communications in a safe place with secure access

TRACKING & STORING CRIMINAL RECORD CHECK INFORMATION

The CRC/VSC/EPIC is an important document which contains sensitive personal information. Note, criminal record check reports/results cannot be shared with another organization unless they have the written consent of the individual involved.

Hard copies of CRC/VSC/EPICs should be stored by the Risk Management Officer in a in a secure, locked and confidential file that is accessible only to authorized personnel. Electronic copies of these documents should not be stored. Keep all criminal record checks on file, until such time as a new one is submitted for the same individual, then the outdated record can be destroyed.

For those individuals who are dismissed or suspended upon reviewing the results of their CRC/VSC/EPIC, the relevant police information (e.g. finger print confirmation if done) and reason for dismissal should be kept indefinitely in a secure, confidential locked file. (Purpose for keeping the forms is to ensure that the volunteer does not attempt to come back to the organization after a few years).

REPORTING

The reporting structure within BC Soccer is affiliated organization to Youth District/Adult League to BC Soccer and BC Soccer to country. Associate Members report directly to BC Soccer.
